What is Woman Centric.....

Woman Centered Building is more philosophy than set designs. What is important to some woman, may not be important to all.

So with that in mind, these are some features that appeal to the majority of women and are incorporated into most of our designs.

Included Features in Woman Centric Designs

Rear foyer off the garage with a drop zone
Laundry room separate from rear foyer
Substantial size garage
Storage in the powder room

Available Optional Features

Lockers and bench in rear foyer
5 foot walk-in shower in master bath
Creative storage Bulk items, broom, vacuum, games, etc.
Walk-in closets
More natural light
Covered outdoor space
Dining area that opens up to accommodate large family dinners
Pet storage/bathing space
Laundry room with hanging space/folding table
Storage in water closet
Flexible living spaces
Jack & Jill baths with private vanities
Stairs that don't dominate the entry
Deep medicine cabinets
Quiet bath fans
